Carol,

I work in the EPA Enforcement Compliance Assurance Division in the Surfacar Water Enforcement Section under Mickey Jencius and Jeff KenKnight. I was on a call with the Army Corps of Engineers yesterday and I believe I misspelled the contact information I was given so I searched the Ecology Directory for a close contact to the spelling of your name. I am working on the Electron Hydro situation and wondered if you were the correct contact, and if so I would like to set up a call next week to discuss the situation.

Thank you ,
Steven
